

RESIDENTIAL REBATES + INCENTIVES *[extended, again!]*

Pioneer Electric is offering a bill credit to cooperative members who purchase and install new energy-efficient electric water heaters or heating and cooling systems and/or add insulation in their homes in 2022.

Only available to residential members. To qualify, incentive items must be purchased and installed between Jan. 1 and Dec. 31, 2022.

WATER HEATER INCENTIVE

Earn a \$150 bill credit by installing a new 50-gallon or larger electric water heater OR a \$400 bill credit for installing a 55-gallon or less heat pump water heater.

Requirements: The water heater must be a new electric storage tank unit that is 92 percent efficient or greater (> 0.92 EF).

Preferred but not required: 4,500-watt elements.

ATTIC INSULATION INCENTIVE

Earn a \$200 bill credit by having attic insulation installed by a licensed contractor.

Only one incentive is permitted per residence. Pioneer reserves the right to inspect the member's home for installation of materials listed on the application and verify the installation meets guidelines.

GEOTHERMAL INCENTIVE

Earn up to a \$900 bill credit by installing a geothermal system with either electric or fossil fuel backup.

\$700 for qualifying geothermal installation
\$200 for participating in Pioneer's Cool Returns load management program

To earn a \$400 bill credit, in addition to the \$900 above, members must install a new, closed-loop system.

Requirements: The equipment must meet the following energy standards upon installation: Closed Loop EER 17.1, COP 3.6; Open Loop EER 21.1, COP 4.1.

Qualifying dual fuel and geothermal systems may also be eligible for a rate discount.

HEAT PUMP INCENTIVE

Earn up to a \$500 bill credit by installing an air-source heat pump with an automatic fossil fuel (dual fuel), or electric backup.

\$300 for qualifying heat pump installation
**Heat pump mini-split systems are eligible for a \$200 credit.*
\$200 for participating in Pioneer's Cool Returns load management program

Requirements: The equipment must meet the following energy standards upon installation: > 8.2 HSPF, > 15 SEER

**For an application and complete set of qualifications, check out the rebates and incentives on our website at www.PioneerEC.com or call 800.762.0997.*
