## Custom Lighting Rebate Program

\$25,000
REBATE
FOR
EXISTING MEMBER
BUSINESSES
AGRICULTURAL FACILITIES
AND SCHOOLS

Pioneer Electric's Custom Lighting Rebate Program helps install or replace inefficient internal and external lighting at member business facilities.

The program provides a rebate based upon the number of lamp watts reduced when installing LED bulbs to replace old lighting with new, energy-efficient lighting and members are eligible for the rebate when specifications are met.

## SPECIFIC REQUIREMENTS:

This program is applicable to existing commercial and industrial businesses, schools, and agricultural facilities only. Residential members are not eligible.

To qualify, lighting at the facility must be used a minimum of 1,800 hours per year. All projects must be a retrofit interior or exterior lighting installation. All equipment must be new; used or rebuilt equipment is not eligible.

An on-site visit is required to confirm installation of the project. Projects must be installed and completed between January 1, 2024 and December 31, 2024.

\*Pioneer's rebate on C&I lighting is limited. The offer expires when funds are depleted on a first-come, first-served basis, or when the program is discontinued.

Rebate offered in partnership with
