

2026 HEAT PUMP INCENTIVE

for Pioneer Electric Members

DOES YOUR HEATING & COOLING SYSTEM QUALIFY FOR ADDITIONAL SAVINGS?

To get started complete the Heating & Cooling incentive application located under Member Programs > Rebates & Incentives on our website, www.PioneerEC.com, or call our office.

For more information about rebates, incentives, rate discount, or to set up an inspection of installed equipment contact **Ted Riethman** at **800.762.0997** or EnergyAdvisor@PioneerEC.com.

Pioneer Electric is offering a bill credit to cooperative members who purchase and install energy efficient heating and cooling systems in their homes in 2026. This incentive is only available to residential members. Members must install the equipment in compliance with **ENERGY STAR**® requirements before December 31, 2026.

Earn up to a \$500 bill credit

by installing an air-source heat pump with an automatic fossil fuel (dual fuel), or electric backup.

\$300 for qualifying heat pump installation
**Heat pump mini-split systems are now eligible for a \$200 credit.*

\$200 for participating in Pioneer's Cool Returns Load Management Program

Requirements: The equipment must meet the following energy standards upon installation:
 ≥ 7.8 HSPF2, ≥ 15.2 SEER2

Additional qualifications:

- To benefit your electric cooperative, every attempt should be made to participate in the load management program. **It is recommended that the heating contractor install the load management switch at the time of installation.*
- **MUST HAVE** documentation of efficiency ratings and all installed equipment **(AHRI Certificate)**
- Equipment must be installed according to manufacturer's specifications and meet applicable federal, state and local agency standards.
- Equipment must be **ENERGY STAR-RATED**. Visit www.energystar.gov for more information.
- Heat pump sizing requires a Manual J or industry recognized heat loss calculation.

Additional rebates and incentives available through Pioneer:

Geothermal & Heat Pump Rate Discount: Qualifying dual fuel or geothermal systems may be eligible for an electric rate discount if they also have a 50 gallon or larger electric water heater with our load management switches.

Check out our incentive for electric water heaters.

All rebates are issued in the form of a credit to the member's electric account.
Maximum two rebates per consumer-member.

Offer is good through December 31, 2026. This incentive applies to any Pioneer member who signs a contract and has a qualified system quoted and installed during the designated time frame.

What should dealers provide?

- » Load calculation for equipment sizing
- » Owner's manual, operation and installation instructions and warranty information
- » Maintenance/service contract offer
- » **AHRI Certificate**

A Touchstone Energy® Cooperative 

2026 INCENTIVE APPLICATION

for Pioneer Electric Members

A Touchstone Energy® Cooperative

Please complete the form below for the appropriate incentive **BEFORE** scheduling an appointment. Contact us at 800.762.0997 or EnergyAdvisor@PioneerEC.com to setup appointment. *Maximum two rebates per member.*
